About me

Hi, I'm Núria,

I recently graduated with a Multimedia degree from CITM, UPC. I'm a creative and proactive person, passionate about UI/UX design, visual design, and video game interfaces. I'm eager to keep learning and contribute my multidisciplinary skills to engaging and collaborative projects.

Working Experience and Projects

Jun 2024 - Sept 2024

Digital Product Designer Intern

The North Studio

Working in the creation of Grup NN websites, developing tasks like UI design and prototyping in figma and programing for the use of Google Maps Platform and APIs.

2023 - 2024

Creation Lab with 3Cat

Asociated with Corporació Catalana de Mitjans Audiovisuals and CITM

Ideation and creation of a gamified experience for the 3Cat streaming platform.

2023

Giravolt Crealab Project

Asociated with Agència de Patrimoni Cultural and CITM

Design and creation of a VR video game with the aim of bringing Catalan cultural heritage closer to the population.

Language

Catalán	Native
Castellano	Native
Inglés	B2

Education

2021 - 2025

Multimedia Degree

CITM UPC

Awards and Recognitions

2021

Premi Recerca Jove per fomentar l'esperit científic del jovent (PRJ 2021)

Generalitat de Catalunya

Award for the research work "Senile Dementia: A growing challenge of our time", which includes the creation of a mobile application prototype for dementia detection.

2022

Hackathon Giravolt Crea Lab Award

Dept. de Cultura Generalitat de Catalunya and UPC

Award for the best cultural and technological project idea that aims to bring Catalan cultural heritage closer to the public through technology.

chi life

04 GAMIFICATION, UX AND UI

Gamification of the 3CAT platform

Team: 12 members

Duration: 4 months

Laboratory in business challenges with the Corporació Catalana de Mitjans Audiovisuals

Ideation and prototyping of a gamified experience for the 3Cat streaming platform.

For 4 months, we have been devising ways to gamify the new 3Cat platform with the aim of enhancing engagement so that it can also engage all audiences, from younger audiences to more adult audiences.

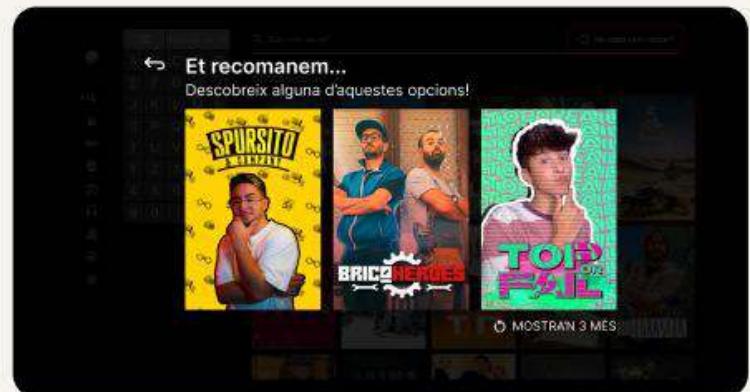

After a research process, a prototype for smartTV has been made that brings together all the proposed ideas.

FIELDS COVERED

Ideation and Brainstorming
Research and investigation
UX UI Designs
Prototyping

SOFTWARE

Adobe Photoshop
Adobe Illustrator
Figma

05 VIDEOGAMES

Masks and Marquises, a Palau Moja's story

Team: 8 members

Duration: 4 months

Giravolt Crea Lab Innovation Lab, formed by CITM-UPC and the Catalan Agency for Cultural Heritage through its Giravolt program.

Design and creation of a multiplayer virtual reality video game for Oculus Quest 3.

The game is set in the Palau Moja during the Baroque era. On Carnival Day, a masquerade ball takes place. But unexpectedly, Antonio López, a wealthy man who hides many secrets and is also the host of the party, is found dead in the middle of the room.

Players, as partners involved in fraudulent businesses, must destroy the evidence and avoid being killed by the infiltrator.

FIELDS COVERED

HUD Design
Visual Identity Design of the Game
3D Modeling
3D Model Texturing
Game Design

SOFTWARE

Unity
Adobe Substance
Maya
Adobe Photoshop
Figma

05 VIDEOGAMES

Barcimed

Individual

Duration: 5 months

This is my Final Degree Project, currently under evaluation for a Distinction (Honors).

An interactive web app designed to guide users through a historical route in the city of Barcelona. By observing their surroundings and solving contextual riddles, users can unlock immersive 360° videos and collect educational content in the form of knowledge cards. The experience blends narrative, geolocation, and gamification to foster historical curiosity among young audiences.
